

GOLF/GOLF TILES™

WOVEN WALL-TO-WALL carpet
in 100% POLYAMIDE (antistatic)

KASTHALL

PRODUCT SPECIFICATIONS

This woven bouclé-type carpet has a small and elegant ribbed pattern and a hard-wearing texture that is ideal for areas subject to heavy wear. Golf is available in 14 colours and made from antistatic polyamide. The carpet can be ordered in full lengths or as tiles (50x50 cm or special size 60x60 cm). The carpet can also be ordered with stitched edges in the size and shape you require. Please note that we recommend chessboard installation for Golf Tiles.

Golf:

Product type: Woven, wall-to-wall bouclé carpet

Pile material: 100 % polyamide (antistatic)

Binding warp: Polyester 70 g/m²

Weft material: Polypropylene 180 g/m²

Pile height: approx. 2 mm

Pile weight: approx. 650 g/m²

Adhesive: Synthetic latex

Total height: approx. 4 mm

Total weight: approx. 2000 g/m²

Roll width: approx. 400 cm

Roll length: approx. 30 m

Golf Tiles:

Product type: Woven, wall-to-wall bouclé carpet

Pile material: 100% polyamide (antistatic)

Binding warp: Polyester 70 g/m²

Weft material: Polypropylene 180 g/m²

Pile height: approx. 2 mm

Pile weight: approx. 650 g/m²

Adhesive: Bitumen

Total height: approx. 4,7 mm

Total weight: approx. 4300 g/m²

Size: 50x50 cm (Special size: 60x60 cm)

Wear classification:
(EN 1307) Class 33
Commercial heavy

Suitable for
Castor chair: (EN 985)
Continuous use

Body voltage:
< 1,5 kV

Thermal resistance:
0.10/0.07 m² C/W.
Suitable for underfloor heating

Doesn't apply
for Golf tiles:

Stair suitability:
Continuous use

Slip resistance:
DS

Burning classification:
(EN 13501-1) Bfl-S1

Surface resistance: approx. $\leq 10^{10}$ Ohm
Sound insulation: approx. 18 dB

LEED: Golf/Golf Tiles has LEED certification – CRI Green label Plus

CARE ADVICE WALL-TO-WALL CARPETS

All carpets retain their appearance for a longer time if you remove dirt and stains regularly. If you have a light, single-colour carpet you will naturally need to clean it more often than a darker, patterned one. Almost all dirt comes from outside. If you want to prevent it from coming all the way in you can place a good-quality scraper mat outside the door and an entrance mat inside. Effective vacuuming is the easiest and most environmentally friendly cleaning method. It is also the most economical. When you vacuum regularly you remove all the loose dirt and dust.

CLEANING ADVICE

We recommend that cleaning is carried out by a professional cleaning company. At www.kasthall.com you can read more about our materials, how to look after your carpet and find our stain guide.

OTHER INFORMATION

Important information when ordering wall-to-wall carpets and runners:

- Kasthall offers the possibility to add a sound absorbing felt backing to all flat weave constructions in our wall-to-wall range. The minimum quantity required is 400 sqm. The benefits from this backing is added sound absorption and increased comfort. This sandwich construction also reduces the installment time since it eliminates the drying time between the layers.
- We recommend that our carpets are installed by professional carpet-fitters. Some carpets should be laid on underfelt with gripper strips, while others can be glued direct to the floor. Contact us for more information and laying instructions.
- Depending on the materials used and the different processes in production, dimensions of the carpet may vary by up to 3%. (For Golf Tiles: 0,2%)
- Note that variations in colour and texture can arise between batches of yarn and dye baths.
- Please note that certain restrictions apply to stitching of concave shapes/lines. For rugs with concave shapes/lines, please submit drawing to Kasthall prior to placing the order.
- All runners should be laid on an underlay that prevents them from moving on all types of flooring. This extends the life of the carpet and reduces the risk of slipping.
- In longer corridors the runner should be laid on underfelt with gripper strips.

ENVIRONMENT AND SOCIAL RESPONSIBILITY

At Kasthall environmental work is a very natural part of what we do and what we stand for – today and for generations to come. Naturally we are certified according to the environmental standard ISO14001, and many of our products bear the symbols of LEED, CRI Green Label Plus, BASTA, Öko-tex and GUT. These certificates confirm our continuous efforts. We produce our woven and hand tufted rugs in our own factory in Sweden – a rarity these days – where we adhere to the strict environmental regulations and employment laws of our country and the EU. Our working environment reflects the creativity and quality that we strive for – in design, materials and manufacture.

We choose our materials with the utmost care. Aside from appearance, it is important that the yarns we use have the characteristics we demand for various types of settings, such as wear resistance, fire resistance and environmental requirements. At our factory we bring together expertise and innovation. We love what we do, we do it well, and we never want to stop striving forward. And everything we do, we do with the greatest possible consideration for the environment around us. This is the way it has been ever since Kasthall was founded, in 1889 in Kinna, Sweden. Our commitment to quality will never go out of fashion. Read more about our environmental work and philosophy at www.kasthall.com.
