
Michel Club

SOFAS

Antonio Citterio

Description

Michel Club is an evolution of Michel seating system. Orientation towards a technical and formal typology that resizes proportions of the frame and the cushions makes Michel Club a more traditional yet contemporary design proposal. Its 36 modular elements, 5 ottoman and linear sofas allow for a wide range of configurations. Comfortable back cushions with a headrest and additional cushions in various sizes make the seating relaxing or suitable for conversation, but always comfortable and very elegant. Michel Club is available in a wide range of fabrics and leathers from the B&B Italia collection. Combining different textures and colours allows an even greater level of personalisation of this seating system.

Technical information

Back and armrest internal frame:

tubular steel and steel profiles

Back and armrest internal frame upholstery:

Bayfit® (Bayer®) flexible cold shaped polyurethane foam, polyester fibre, polyester fibre cover
