# Michel Effe

SOFAS

*Antonio Citterio*

## Description

With Michel Effe an important chapter is added to the successful story that started with Michel, the first modular sofa from the series. Some of the characteristics are unaltered, such as the two depths, but it is more essential than its predecessors. It reveals a new design thanks to a simplification of the seat with a single cushion. It is thinner, but not less comfortable. Everything superfluous has been eliminated.

---

## Technical information

### Back and armrest internal frame:

tubular steel and steel profiles

### Back and armrest internal frame upholstery:

Bayfit® (Bayer®) flexible cold shaped polyurethane foam, polyester fibre, polyester fibre cover

### Seat internal frame:

painted tubular steel and steel profiles, multilayered wood panel, shaped polyurethane
