Mingus P1

The idea with Mingus has been to create a simple, technologically uncomplicated pendant that shields modern low-energy light bulbs, provides good lighting and can be used for many purposes. Mingus is manufactured in aluminium and lacquered in six matt nuances. In addition to pure white, there are five other tones: blue-black, neutral grey, dusty moss green, a light green tone resembling celadon glazen and an off-white nuance a bit reminiscent of limestone. The tones change in different light and take on the colour of their surroundings. If several lamps in different nuances are installed, they interact with each other, eventually producing new tones.

Colours/surface

White, Nearly Black, Very Grey, Pale Moss, Light Celadon and Dusty Limestone, matt lacquer.

Material

Shade: Aluminium.

Installation

Suspension: White: White textile cord 2 x 0.75 mm². Other colours: Light grey textile cord 2 x 0.75 mm². Cord length: 3 m/6 m. Canopy: White.

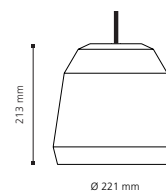

Class

IP20, Class of insulation II.

Product family

P2
