

MIDORI

Ebualá 2007

SANCAL

DESCRIPTION

Midori is the anxious young of Tokio Blus. The melody of this novel is Norwegian Wood, a Beatles' song that inspired Ebualà to name this Scandinavian family of ash seats. The optional extra lumbar cushion increases the comfort of the small armchair and gives it a cosy, at-home feeling. The bar stools in the range have satin stainless steel footrest.

TECHNICAL DATA

Inner wooden structure covered with foam.

The external structure is made of solid stained ash, and is available stained.

Seat structure fitted with NEA webbing.

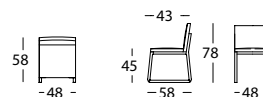

Back structure fitted with MDF board.

Inner seat and backs made with HR foam of different densities.

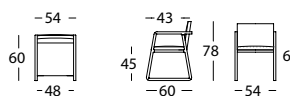

The stools have a satin stainless steel footrest.

MIDORI can be upholstered in fabric, leather or vinyl and are always fixed, covers not removable.
