Fauteuil Direction

Fauteuil Direction

Fauteuil Direction is a well designed chair in which you can sit comfortably at the table. It pays homage to Prouvé's typical philosophy of focusing on design factors. The chair is perfect for the home office where, particularly in combination with the small desk Compas Direction, it creates an individual touch and can also

be used as a comfortable dining chair. In addition, Fauteuil Direction also looks great in elegant lobbies, restaurants or waiting areas.
